

Men's Retreat 2010

"The theme of this weekend is taken from the ARC's theme for this year: Fearless because of Christ. Sessions will interact with some of the key fears that men face. They will also look at what Men in Christ are called to be, and how that gets lived out in everyday life."

The Men's Retreat consists of 4 session along with open gym on Friday night and Saturday afternoon of recreation including golf, trap shoot, archery, basketball and more.....

The session topics are as follows:

Many fears; One we should FEAR

Fearlessly being... a Man

Fearlessly living a man's life

Fearlessly developing (and sharing!) a man's faith

Note: The Men's retreat does not set any minimum age requirement for someone to be eligible to attend. However, the sessions and materials to be discussed will be presented on an adult level; teen-aged young men of sufficient maturity are welcome to attend. For the sake of liability, all underage attendees must be accompanied by a parent or other adult legally authorized to be responsible for them.
